## TAPE SCRIPTS

## I. Listen and write True (T) or False (F) for each statement.

My most favorite game is football. It is a world famous game.

Football is such a popular game that it is played even in the most remote corner of my country. People walk long distances to watch a football match. Even old people enjoy watching this game.

To play this most interesting game, I go to the field near my house where my friends wait for me every late afternoon. My friends also love this game very much. We play until dark.

But it is a very hard game. It requires a lot of strength to kick the ball. They must also be skillful in controlling the ball. All these make the game a difficult game indeed. Playing football however helps us to be healthy and active.

I shall always love this game.

## II. Listen to Peter talking about his favourite sport and give short answers to the following questions.

My name is Peter. I love football and this is the time for the Europe Cup. I watch almost every match of it. I also play football on Saturday with my classmates. We all belong to the School Football club and last year we won the second prize in the District Football Competition. Besides football, I play badminton and go swimming.
